IKRO[®]

M

Maison design house approaches mosaics with a sophistication bred of our cultivated mastery of ancient techniques, modern materials & production. Our distinctive and timeless style distinguishes our collections from the standard fare.

MIKRO

Mikro is a collection of 24 Facettes. Though the pieces of each Facette are petite the visual impact is not. **Mikro** encompasses both contemporary shapes & traditional weaves. You will find Facettes that compliment both our Antico & Moderno Decors.

For even more variety select from our curated *Palette* & *Specialty Materials* to create combinations that transform the designs to satisfy any style.
