

LEED INFO SHEET

LEED is an internationally recognized, third-party certification program developed by the USGBC to evaluate the construction and operation of high performance green buildings and communities. You can check the latest versions at the [USGBC website](#).

IceStone durable surfaces have helped many projects obtain LEED credits. Please visit our website for a list of LEED certified buildings with IceStone installations.

IceStone surfaces can contribute to the following credits:		
LEED POINT	CREDIT ID	DETAIL
recycled content: 10%	MR 4.1	average recycled content by weight: 68% pre-consumer, 7% post-consumer.
recycled content: 20%	MR 4.2	
innovation in design: recycled content 30% or greater	ID	
regional materials: 20% manufactured regionally	MR 5.1	26% by weight extracted from York, PA. Product manufactured in Brooklyn, NY.
regional materials: 10% extracted and manufactured regionally	MR 5.2	
innovation in design: cradle to cradle certification	ID	Cradle to Cradle Certified ^{CM} Silver & Bronze
environmentally preferable material: cradle to cradle certification	MR 2.2
